

Sea Ice Prediction Network—Phase 2 (SIPN2)

29 July 2020 Webinar

"Machine Learning: Challenges and Opportunities for Applications in Sea-Ice Prediction"

Elizabeth A. Barnes, Colorado State University

Morteza Karimzadeh, Colorado University Boulder

Tom R. Andersson, British Antarctic Survey Artificial Intelligence Lab

This webinar had 109 online participants, 2 participants by telephone, and 31 via YouTube

**Only known online participants are included in this participant list.*

First Name	Last Name	Current Employer	Country
Tom	Andersson	British Antarctic Survey	United Kingdom
Miguel	Andres-Martinez	Alfred Wegener Institute, Helmholtz Centre for Polar and Marine Research	Germany
Shaamyl	Anwar		
Alexander	Arroyo	University of California, Berkeley	United States
David	Bailey	National Center for Atmospheric Research	United States
Qing	Bao	Institute of Atmospheric Physics (Chinese Academy of Sciences)	China
Elizabeth	Barnes	Colorado State University	United States
Yurii	Batrak	Norwegian Meteorological Institute	Norway
Uma	Bhatt	University of Alaska Fairbanks	United States
Elena	Bianco		Italy
Cecilia	Bitz	University of Washington	United States
Brian	Brettschneider	International Arctic Research Center (University of Alaska Fairbanks)	United States
Mitch	Bushuk	Princeton University	United States
Robin	Clancy	University of Washington	United States
David	Clarke	Qilak LNG	United States
Vince	Cooper	University of Washington	United States
Richard	Cullather	NASA Goddard Space Flight Center	United States
Suzanne	Dickinson	University of Washington	United States
Francis	Diebold	University of Pennsylvania	United States
Francisco	Doblas-Reyes	Institutivè Catalana de Recerca i Estudis Avançats	United States
Hajo	Eicken	International Arctic Research Center (University of Alaska Fairbanks)	United States
Maximilian	Goebel	University of Lisbon	Germany
Mike	Garcia		United States
Anne	Garland	Applied Research In Environmental Sciences Nonprofit, Inc.	United States
Melissa	Gervais	Pennsylvania State University	United States
Jan	Grzeda	Arctic Research Consortium of the U.S.	United States
Qinxue	Gu	Pennsylvania State University	United States
Brooke	Herzog	University of Maryland, College Park	United States
Sean	Horvath	National Snow and Ice Data Center	United States
Yiyi	Huang	University of Arizona	United States
Shrutee	Jalan	University of Calcutta	India
Saskia	Kahl	University of Hamburg	Germany
Morteza	Karimzadeh	University of Colorado Boulder	United States
Jeffrey	Key	U.S. National Oceanic and Atmospheric Administration	United States
Salman	Khaleghian	UiT The Arctic University of Norway	Norway
Åshild	Kiærbech	Norwegian Meteorological Institute	Norway
Jaclyn	Kinney	Naval Postgraduate School	United States
Dmitri	Kondrashov	University of California, Los Angeles	United States
Jitu	Kumar		United States
Michael	Mackiewicz	College of Southern Maryland	United States
Risa	Madoff	University of North Dakota	United States
Asaad	Mater Armanuos	Tanta University	Egypt
Lisa	Matthes	Centre of Earth Observation Science (University of Manitoba)	Canada
Carolin	Meier	University of Hamburg	Germany
William	Merryfield	Environment and Climate Change Canada	Canada
Brit	Myers	Arctic Research Consortium of the U.S.	United States
Balu	Nadiga	Los Alamos National Laboratory	United States
Cyril	Palermè	Norwegian Meteorological Institute	Norway

Leif Toudal	Pedersen	Technical University of Denmark	Denmark
Kara	Peterson	Sandia National Laboratories	United States
Sonal	Rami	Alfred Wegener Institute, Helmholtz Centre for Polar and Marine Research	Germany
Muhammad Ghazi	Randhawa		
Kabir	Rasouli	Environment and Climate Change Canada	Canada
Stefanie	Rynders	National Oceanography Centre	United Kingdom
Becky	Segal	University of Victoria	Canada
Lisa	Sheffield Guy	Arctic Research Consortium of the U.S.	United States
Hal	Shiels	Department of National Defence (Canada)	Canada
Ross	Slater		United Kingdom
Michael	Steele	University of Washington	United States
Angela	Stickle	Johns Hopkins University Applied Physics Laboratory	United States
Stacey	Stouidt	Arctic Research Consortium of the U.S.	United States
Jian	Sun	Pennsylvania State University	United States
Suchithra	Sundaram		India
Irina	Tezaur	Sandia National Laboratories	United States
Betsy	Turner-Bogren	Arctic Research Consortium of the U.S.	United States
Kelley	Uhlig	NOAA Arctic Research Program	United States
Muyin	Wang	University of Washington	United States
Molly	Wieringa	University of Washington	United States
Helen	Wiggins	Arctic Research Consortium of the U.S.	United States
Goksu	Yamac	Trinity College Dublin	Ireland
Jun	Zhai	University of Washington	United States
Boyuan	Zhang	University of Pennsylvania	United States
